TRAFFIC SIGNALS AND CROSSING GUARDS

- Never cross the street against a red light, even if you don't see any traffic coming
- Wear reflective clothing and bright colors so drivers can see you easier
- Plan a safe walking route to school or the bus stop. Choose the most direct way with the fewest street crossings and if possible, with intersections that have traffic controls
- Advise children to arrive early for buses, stay out of the street, and to wait for the bus to come to a complete stop before approaching the street

Back to School Safety

TIPS FOR DRIVERS

- Be watchful around schools and bus stops for children running into the street
- Watch for children entering the street from behind buses or running to catch the bus
- When driving your children to school, deliver and pick them up as close to the school as possible
- Don't leave until they are safely on school grounds
- Drive slowly when approaching children riding bicycles and walking near the street
- Watch your speed when entering school zones
